SUMMARY

Motivated Computer Science graduate with strong foundations in **Python, Data Structures & Algorithms, and Machine Learning**. Hands-on experience in **Deep Learning, Computer Vision, and Web Development** using modern frameworks. Seeking an entry-level role to apply technical skills in building scalable and innovative solutions.

EDUCATION

Bachelor of Technology in Computer Science and Engineering	June 2021 – August 2025
Malla Reddy College of Engineering and Technology	
Board of Intermediate Education	April 2019 – May 2021
Sri Gayatri Junior College	

TECHNICAL SKILLS

- **Programming Languages:** Python, C, Java
- **Core Concepts:** Data Structures, Algorithms, OOP
- **Technologies:** Machine Learning, Deep Learning, Computer Vision
- **Frameworks & Libraries:** TensorFlow, PyTorch, Dash, Plotly
- **Web Technologies:** HTML, CSS
- **Database:** MySQL
- **Tools:** Git, VS Code

PROJECTS

Real-Time Image Animation- **October 2024 – March 2025**

Technologies: Python, Deep Learning, TensorFlow, PyTorch

- Developed a real-time image animation system using **deep learning models**
- Implemented **Convolutional Neural Networks (CNNs)** for image recognition and object detection
- Built backend logic for processing and rendering animated visuals
- Improved performance of real-time data processing

Image Steganography System- **July 2023 – November 2023**

Technologies: Python, Django, Dash, Plotly

- Designed a web-based application for **secure image data encoding and decoding**
- Implemented **LSB (Least Significant Bit) algorithm** for hidden message encryption
- Developed interactive UI using Dash and Plotly
- Ensured secure and efficient data hiding techniques

CERTIFICATIONS

- Power BI Crash Course Certification
- IEEE CDAC Certification
- Cambridge English Empower (Level B2)
